Chief, Services Division STATINTL 17 July 1947
ATTN: [redacted]
Deputy Chief, FBIB

STATINTL

STATINTL

It is requested that Pacific Telephone Company install a TWX circuit, equipped with a Model 19 ASR machine, at the FBIB [redacted]

This circuit, which will provide an inexpensive channel for certain necessary traffic with the Presidio Signals Center, replacing the leg of FL 7466 discontinued on 15 July, has been suggested by Communications Division. Signal Corps has agreed to accept the traffic contemplated.

It is estimated that charges will not exceed $100.00 per month. The circuit can probably be discontinued upon the activation of the
STATINTL [redacted] installation.
